### ELIAS SHOT EIGHT TIMES.

Later developments in the killing of Tomas Elias, Jr., married just two days to Mrs. Chas. Proctor, at the Proctor ranch at Sopori, forty five miles southwest of Tucson, indicate that there might be as many as three persons implicated in the killing, instead of one as maintained by George Proctor, who gave himself up to Santa Cruz county authorities and is in jail at Nogales, says Wednesday's Tucson Star.

In preparing the body for burial, it was found that Tomas had been shot at least eight times, instead of five as first reported, and that he had been shot three times at least through the chest. There seemed to be three sizes of bullets and among the bullets found were two 38's and several 32-20's.

The investigation made by Simpson seems to show that the men who attacked Elias entered an empty house in the early morning about a quarter of a mile from the ranch house where Elias and his bride were staying, and when Elias went to the house about 8 o'clock and entered the back door they opened fire on him while he was picking up some horseshoes. George went to Amado and telephoned to Sheriff McKnight, giving himself up, and took the blame for the shooting, stating that there were no others present besides himself and Elias.

The younger brother of Geo. who came from the ranch to Tucson Monday, and met his two brothers, who had been to visit their uncle, Henry Proctor, near Rillito, is still in the county jail, but will be sent to Nogales today. Charles Proctor, the elder son, will probably accompany him. There was some confusion as to the names of the brothers, and the young lad who was arrested says that his name is Frank and not Henry. Henry is said to be the name of a third brother. He was with Charles at the time of the killing.

Gov. Hunt Appoints Commission.

The Panama-Pacific International Exposition has advanced a plan whereby the Governor of each state is to appoint a committee of citizens to consider the qualifications and records of their different fellow residents of prominence with a view to designating some one pre-eminent in statesmanship, literature, art, science, invention or other form of achievement upon whom especial honor will be conferred by the Exposition Committee, through the setting aside of a special day on their calendar for the presentation of a suitable diploma or other testimonial.

To carry out this plan and for the purpose of designating some resident of Arizona worthy of being thus honored by the exposition's award, Governor Hunt has appointed a commission consisting of the following citizens of Arizona, viz: Senator Frances W. Munds, Prescott; Mrs. J. D. Lee, Thatcher; Miss C. Louise Boehringer, Yuma; W. S. Bradford, Phoenix; George Powell, Globe; Hon. J. R. Henderson, Bisbee; Will L. Clark, Clarkdale; Rev. William J. Scarlett, Phoenix; Prof. G. E. Cornelius, Winslow; Sam Barrett, Phoenix; R. G. Brady, Tucson, and Judge Frank J. Duffy, Nogales.

A meeting of the committee will be held in Phoenix in the near future, probably on September 30.

Any suggestions from citizens of Arizona will be gladly received by the commission appointed by Governor Hunt.

The Nogales High School bonds have been received and turned over to the First National Bank, after first having been signed by the county and school officers. There were sixty-one thousand dollar bonds. The bonds were signed by Dr. W. F. Chenoweth, president of the school board; T. J. Wylie, clerk of the school board; G. H. Fiedler, chairman of the board of supervisors; Lula Reddoch Wood, clerk of the board of supervisors, and R. R. Earhart, county treasurer.

### Slaughter "Not Guilty."

Thursday in Justice Gittin's court, the jury in the case of the State of Arizona vs. R. L. Slaughter Jr., for "willfully cutting and leaving cut a fence on the property of R. Bracamonte adjoining the Republic of Mexico," returned a verdict of "not guilty."

County Attorney S. F. Noon appeared for the state and Attorneys Tom Richie of Tucson and C. L. Hardy of Nogales represented the defendant. The plaintiff Bracamonte, claimed that defendant and two other Americans had cut his fence on the international line in order to bring into this country a herd of Mexican cattle.

The cattle were rushed across to the American side when they were about to be taken by Mexican soldiers.

### FIRE PROTECTION.

The American fire waste averages \$250,000,000.00 per year. This is \$3,000.00 per hour, or \$500.00 per minute, and does not include the cost of fire departments.

The fire insurance companies collect premiums and pay losses, and carelessness on the part of the people will cause more fires, resulting in higher insurance rates. We are striving for a lower rate on fire insurance in Nogales, and if all citizens will give careful consideration to their own fire risk and fire protection on our FIRE PROTECTION DAY, Saturday October 9, 1915, you will help the cause of lower rates and may at the same time avoid a fire in your own property or that of your neighbor.

Respectfully,  
BRACEY CURTIS,  
Chief, Nogales Fire Dept.
